COMMODORE DEWEY HEARD FROM AND ALL IS OURS AT MANILA

American Naval Hero Sank Eleven Vessels, Killed 300 Wounded 400, And Escaped Almost Unin- jured--What Dispatch Says.

Hong Kong, May 7.—Special.—Dewey's dispatch boat McCulloch has arrived here with dispatches from the hero of Manila. A correspondent on the boat reports that the Spanish fleet of eleven vessels was destroyed. Three hundred Spaniards were killed; four hundred wounded. No Americans were killed, six only being slightly wounded. The American vessels escaped practically unscathed.

The engagement was one of the fiercest in the annals of naval history. From the first, however, the Americans had the advantage. Not only were their guns superior in power, but they were more rapid in action, and were served with great precision. Every shot fired hit a Spaniard somewhere, and generally in a vulnerable spot. It was hard to tell whether the shells or solid shot were the most effective. Both did terrible execution, and as one after another of the Spanish vessels fell out of line on account of disability the tars on board the American ships gave vent to cheer after cheer. Their enthusiasm did not in the least abate their pluck or render their aim less accurate.

Shot after shot, volley after volley, the iron hail fell upon the ships that were supposed to be invulnerable. Their iron casings cracked, their oaken ribs trembled under the fierce impact. The aim of the Americans was chiefly directed to the water line, the most vulnerable point, and several solid spheres penetrated the hull

of the Spanish flagship. The decks of all the vessels were swept of their swarms of human beings, many being killed and the remainder seeking shelter below decks.

It was a sight never to be forgotten, and when the Spaniards scuttled their smaller boats in order to prevent their capture all was over, and quiet again reigned in Manila bay.

The scene, frightful though magnificent, was witnessed by thousands on shore, while the decks and rigging of the foreign craft in the bay were black with human beings eager to witness the outcome of the fray.

Washington, May 7.—Special.—The navy department has received a cablegram from Hong Kong announcing the arrival of the revenue cutter McCulloch. She brings the report of Commodore Dewey. It is a cipher dispatch and reached the navy department at 4:30 this morning. It will probably take six hours for transmission and one hour for translation. It is signed Brunn, who is commander of the McCulloch.

Commodore Dewey's official report says the American vessels were uninjured, and only a few men were slightly wounded. The following vessels of the enemy were destroyed: Cruisers Isla de Cuba, Reina Christena, Castillia, Don Antonio de Ulta, Don Juan de Austria, Velasco, besides three gunboats and one transport. Several gunboats were scuttled to prevent their capture.

Washington, May 7.—Special.—The navy department has received official dispatches from Commodore Dewey. Early this morning a cablegram was received from Hong Kong. It was Dewey's first official report of the battle of Manila, and was conveyed to Hong Kong by the dispatch boat McCulloch. It was as follows:

Manila, May 1.—Sufuadra arrived at Manila at daybreak this morning and immediately engaged the enemy and destroyed the following vessels: Cruisers Isla De Cuba, Reina Christina, Castillia, Don Antonio De Ulta, Don Juan De Austria, Velasco; Gunboats Elanco, Gen Leze, Marquis Del Dudeo, Armed Transport Isla Mindano. The American squadron was uninjured. Only a few were slightly injured. The only means of telegraphing is through the American consul at Hong Kong. I shall communicate with him. (Signed) Dewey.

The official report states that Dewey cut the cable himself, but his force is not sufficient to hold Manila. He asks for troops.

Washington, May 7.—Special.—In brief Dewey states in his official reports that he silenced the batteries completely, that he cut the cable himself and that the bay and everything else is completely at his mercy.

Dewey says further in his report that he has been unable to take possession of the town of Manila for lack of men.

Landed at Cavite.

A second dispatch from Commodore Dewey says he has taken the fortifications and has effected a landing at Cavite. He has 256 wounded Spaniards as his prisoners, and the town of Manila is at his mercy and could be taken at any time. He says he is not in serious need of anything at present.

From Cavite the Commodore writes—"I have taken possession of the naval station of the Philippine Islands, have destroyed the fortifications at the bay entrance. I control the bay completely and can take the city at any time. The squadron is in excellent health and spirits. Spanish losses

are not fully known, but are very heavy. There were 150 killed, including the captain of the Reina Christina. I am assisting in protecting the Spanish sick and wounded. There are 256 sick and wounded in the hospital within our lines. Much excitement prevails at Manila. Will protect foreign residents."

Troops to go at Once.

Washington, May 7.—Special.—The dispatch of Dewey, as given in these dispatches, was read to the correspondents by Secretary Long. He expurgated the reference to the cutting of the cable by Dewey, and to the lack of forces to land at Manila for prudential reasons. Immediately after Secretary Alger was notified of the contents of the message, he made arrangements to send a squadron of transports and warships from San Francisco to the Philippines at once.

Secretary Alger will probably issue an order for the movement of troops to Manila today. The steamers engaged can carry ten thousand troops. The first may go Wednesday.

The Next Battle.

Washington, May 7.—Special.—It is admitted at the navy department that the next great fight of the present war will take place at or near the harbor of San Juan, Porto Rico. The Cape Verde squadron is expected there hourly, and Sampson's fleet will not be many hours behind, if, indeed, it is not at hand before the Spaniards arrive. Sampson's fleet, consisting of the New York, Iowa, Indiana and Detroit, with the gunboats Puritan and Amphitrite, will be reinforced, probably by Monday, by the battleship Oregon, the cruisers St. Paul and Minneapolis, and the gunboat Marietta. A battle royal may confidently be expected, rivalling in importance that of Commodore Dewey at Manila.

Thanks to Dewey.

Washington, May 7.—Special.—The following telegram was sent by Secretary Long to Dewey: "The President, in the name of the American people, thanks you and your officers and men for your splendid achievement and overwhelm-

ing victory. In recognition he has appointed you acting Admiral, and will recommend a vote of thanks to you by congress as the foundation for further promotion LONG."

No Equal In History.

Washington, May 7.—Special.—As Commodore Dewey's dispatches gradually come to hand, the conclusion is forced that his victory was overwhelming and complete. Nothing like the operations of Commodore Dewey and his men and ships, is recorded in the history of the world. That Americans sustained practically no loss, is considered marvelous by naval experts.

Supplies for Dewey.

Washington, May 7.—Special.—It has been decided to send a transport with troops and supplies to Commodore Dewey at Manila. The city of Pekin will be used and will be escorted by the Charleston.

The Two Heads Meet.

Washington, May 7.—Special.—Immediately after the Dewey dispatches were translated, the president, Secretary Long and Secretary Alger conferred, the talk lasting some time.

Mobs in Madrid.

London, May 7.—Special.—Dispatches from Madrid assert that the police have had trouble with mobs in different parts of the city. Much fighting has occurred.

A Few Words of Advice.

London, May 7.—Special.—The spectator urges America to raise a colored army of 20,000 men to hold the Philippines, Hawaii and Porto Rico.

Another Prize of War.

Key West, May 7.—Special.—Another Spanish prize the Frastuite was brought in this morning. She was captured by the Hamilton.

DONED BY THE GOVERNOR.

They Were Under the Influence of Liquor When They Committed the Crime and Are Now Penitent—Brief Notes Containing a Vast Amount of Intelligence.

Madison, Wis., May 7.—Gov. Scofield yesterday pardoned eight Indians sentenced at Green Bay six months ago for the charge of burglary. The pardon was granted upon the urgent request of Judge Hastings, who sentenced them. In his letter to the governor the judge says that while under the influence of liquor the Indians broke into a building and took a keg of beer after having been refused drinks by the saloon keeper. The offense was committed at 7 o'clock in the evening, so that technically it was burglary. The judge says that he did not think the boys should be sent up for three years, but as they pleaded guilty he had no alternative, but he told them when pronouncing sentences that after they had been in prison for six months he would ask the governor to pardon them.

FRENCH GOWN OF DOTTED RED DIMITY FROM HARPER'S BAZAR

A gay little costume of dimity in the new tone of coral lightened with white polkadots, is made unlined throughout, rendering it a suitable model as well for gingham, batiste, and other light-weight cotton fabrics, or the Irish flax linen, which appear this season in new shades of rose, blue, and mauve. Costumes of this linen, with a vest of harmonious color, promises to be popular for country wear. French open-work linen, made up over silk of contrasting hue, is also adapted to this simple style. Variety may be given it by substituting ruffles of embroidery for those of the same material on the waist.

The general effect of this gown is becoming. The yoke of the skirt is sufficiently long to produce the slender effect over the hips that is the present tendency of fashion, besides outlining a pointed apron in front, to which is added a deep flounce of medium fullness, passing around to the back, where it falls in soft gathers. Four yards and a quarter is the width of the skirt at the foot. A large piping-cord is the finish of the yoke. The corsage, slightly blouse-shaped in front, is made with a deep revers collar, edged with a graduated ruffle, forming, with its fullness, little fans under each point. The ruffle continues down the front as a jabot, which terminates under a narrow white kid belt. The back has a few gathers at the waist-line and the front is open to admit a plain linen plastron and collar, or, by way of variety, a fancy front. The close sleeve is made with a deep turn-over cuff, bordered with a full ruffle. The proper cut of the gown can be only obtained from the cut paper patterns published by Harper's Bazar, where it appears. Approximate quantity of material—10 yards 30 inches wide.

GOT RID OF HIS CARRIAGE

And He Might Have Sold Many More If He Had Them

A Janesville man who had one more baby carriage than he needed tried for two weeks to sell it. The second hand dealers wouldn't take it, the neighbors were not responsive to the visible demand for baby carriages never seemed lighter. As a last resort instead of a first expedient he tried advertising. He put two lines in the Gazette classified column.

"Leave it in about a week," he said carelessly.

At 10 o'clock the next forenoon he telephoned down. "Take out that ad," he ordered. "I have sold the buggy and have just turned away five other people who wanted to buy."

IMPROVING DEPOT GROUNDS

Northwestern Company Will Make Them Beautiful to Look Upon

The Chicago & Northwestern railway company now have a gang of men and several teams at work at the corner of Wall, Marion, and Milwaukee streets grading and filling in the large space of land bounded by these streets which was formerly occupied by the Janesville Coal company. The new side track on the south side of the new depot shed is now complete, and car after car of dirt is now being hauled there and deposited. Several train loads of dirt will be required to fill in this space, which the company intends to afterward beautify by sodding and placing flower beds about. This new arrangement will give the company a wide opening on Milwaukee street which will be a vast improvement over the old shed buildings which have long been an eyesore to that portion of the city.

WHAT IS YOUR TRADE?

Each Trade or Occupation Has Its Special Disease.

It is well known among medical men that certain diseases are more readily developed in certain occupations than in others. That each occupation has its attendant physical weakness. Engineers, railroad men and similar occupations suffer mostly from kidney troubles, and men who are often exposed to the weather suffer from rheumatism, while clerks and professional men, in fact, the army of people whose business keeps them indoors, are oftentimes great sufferers from piles and constipation. In this connection the following letter is of interest to people whose occupation will not allow sufficient outdoor exercise.

Mr. A. F. Calhoun, notary public and jeweler and watchmaker, of Cleveland, W. Va., writes as follows:

I had been a severe sufferer from piles for years and had tried many remedies with but little benefit, when about three years ago I saw the Pyramid Pile Cure advertised and sent for it.

I was badly afflicted when I got it, but after only two applications the piles disappeared and from that day to this I have never felt a symptom of the disease.

I feel that I cannot recommend it too highly to sufferers from piles.

The Pyramid Pile Cure is free from cocaine, opium or any mineral poison, absolutely safe, pleasant and painless; sold by druggists at 40 cents per package. If there is any constipation the Pyramid Pills should be used with the pile cure. The pills are 25 cents per package.

Any druggist will tell you that the Pyramid is the best known and most successful and popular pile cure ever placed on the market and its reputation as a safe and radical cure has only resulted from the personal recommendation of people who have been cured of this distressing ailment.

Send to Pyramid Co., Marshall, Mich., for valuable little book on cause and cure of piles.

WERE ROYALLY ENTERTAINED

Beloit Young People Have a Good Time at the Congregational Church.

Some forty people of the First Congregational church of Beloit were entertained last evening by their brethren and sisters of this city. The party arrived in conveyances overland, disdaining the use of these modern devices of travel, the railroads. The Young People's Society of Christian Endeavor had the affair in charge, and as their guests arrived each was labelled with his or her name, and all present were regarded as by that token formally introduced to each and every other person present.

Formality having been thus dispensed with, a general social season followed, which was interrupted by Rev. Mr. Denison's announcement that the handmaids had done their duty and that supper awaited. He insisted that the guests should be sandwiched between their hosts, and that as it was not good for men to be alone the sexes be also mixed up promiscuously at the table.

The dispatch was disposed of amid general hilarity, and if the old adage "Laugh and grow fat," has anything of verity in it those present last evening will be blessed with an abundance of adipose tissue in the near future. Toasts followed the food, and the responses were all bright, some of them witty, many of them wise. The toasts and those who responded to them were as follows:

"The Ride"—Mr. Kentz, Beloit.
"The Supper"—Miss Peck, Beloit.
"The Young Ladies"—Mr. Lyman, Beloit.
"The Young Men"—Miss Charlton, Beloit.
"Beloit College"—A. E. Matheson, Janesville.
"Admiral Dewey"—Mr. Burdick, Beloit.

"Fellowship of the Societies"—F. A. Spoon, Janesville.

The O. E. Movement Universal"—Miss Nettie Harrington, Janesville.

"The Young People and the Nation"—J. M. Whitehead, Janesville.

Following this feast of reason and flow of soul there was a brief social interchange of courtesies and at a late hour the visitors returned to their homes well satisfied with the evening's entertainment and bearing a hearty invitation to come again.

The Beloit visitors comprised the following:

That Tired Feeling

An exceedingly common and dangerously significant condition. A warning which must be heeded, or, as with the express train which fails to regard the danger signal, disaster must follow.

A sure indication of thin, weak, impoverished blood. A certain admonition that the blood is not properly feeding the nerves, tissues and organs of the body.

An imperative demand for the tonic, vitalizing effect of Hood's Sarsaparilla upon the blood.

Weak, nervous, tired men and women are found everywhere. Men strive too hard to "keep their ends up," women too anxiously work "on their nerves" to meet the demands of home and society, all have too little sleep, and the excessive drain on strength and nervous energy will soon completely ruin health.

The strength must be built up by pure blood, and the nerves must also find in pure blood the proper nerve food. For this purpose nothing equals Hood's Sarsaparilla.

The thousands of wonderful cures it has accomplished, the like of which no other medicine and no combination of medicines can show, prove its curative merit; prove that it has never been equalled as a blood medicine; prove that Hood's Sarsaparilla is indeed the ideal spring medicine, the best nerve and stomach tonic, the one true blood purifier.

"I was feeling tired all the time, as tired in the morning as I was at night. I began taking Hood's Sarsaparilla and it has helped me so that I have no such feelings now. My little girl suffered with pain in her stomach, but Hood's Sarsaparilla has cured her." JAMES T. MANN, Hubbardston, Mass.

Weakness and Loss of Appetite.

"Last spring my little girl had no appetite and was weak. I gave her one-half bottle of Hood's Sarsaparilla, which cured her. We will now take no other medicine but Hood's Sarsaparilla, and recommend it to everyone for weakness and loss of appetite." WM. F. HANES, Brysonia, Pa.

All Tired Out.

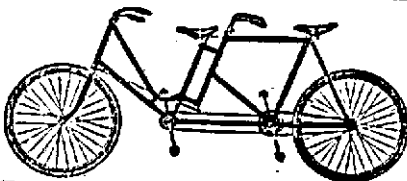

"My husband was all tired out and run down in health. He felt the need of something to build him up, and he began taking Hood's Sarsaparilla and Hood's Pills and the result was very satisfactory. We regard Hood's Sarsaparilla and Hood's Pills as excellent medicines." MRS. H. L. MOWAT, Towanda, Pa.

Tired and Worn Out Feeling.

Forecast for Wisconsin:
Fair tonight; Sunday, warmer.

CONCERNING THOSE GARTERS

"There's no concealing the fact that the ladies are with us; they've begun to wear red, white and blue garters." — New York Press.

The editors are very wise, as all their columns show, and when it comes to writing fakes, they are not very slow. And we think all the readers are ready to admit, that what the papers do not know, to print is hardly fit. They knew why Dewey did not use a cable that had parted, they knew how far the Spaniards ran, before they even started. They know about the new generals, and who they all would be, and that the list would not include, old General DeBully. They know how many men will die, and how many Spaniards, too, and they know the Stewart's whiskers, may get into the stew. They know who cut the cable, and why the deed was done, and what the Malays said, as the song of the slug was sung. They know what the British consul ate on the day that Dewey did, and who poked Billy Patterson upon his left eyelid. They know who Blanco blanked, and where Bob Evans fit, they know who Tanner tanned, and where young Loller lit. They know what Teller told, and who the man Schley slew, they know where Tillman tilted, and how the pitchforks grew. They know who Carter carted, and who Governor Leedy led, they know what Hawley hauled, and who what Tom Reed read. They know what Gullom culled, and what John Sherman shirked, they know that Wolcott will get woolly, and that Cockerell is a bird.

But, these things the people must concede, the editors know are so, yet on some subjects, pray take heed, a little so far they go.

So, When that New York paper, called the Evening Press, thinks it the proper paper, to know how the women dress, we think it time to call a halt, in faking up the news, and stop elevating comments, too, above millard's shoes.

The Milwaukee Journal says: "The Janesville Gazette republican, is one of the papers that is trying to make politics out of the assembling of the militia, taking the cue from the Milwaukee Sentinel. The mistake will come back on the party they are trying to serve."

The Gazette did not know that it was "trying to make politics out of the assembling of the militia" and has not published a line upon which any such assumption can be based. The Journal, apparently, is "trying to make politics" out of nothing at all, a practice that will certainly "come back on the party(?) they are trying to serve."

The Spanish government has overcome the slight disadvantages at which it was placed by the refusal of the Scotch and English engineers on her war vessels to run the machinery, but now it must provide the boats with ammunition before they can fight. Accordingly, the crushing of the American navy is "unavoidably delayed" for a few days.

The Milwaukee democratic "reform administration" starts in by advocating the granting of liquor licenses to certain saloon keepers, against the recommendation of the police, who say the places are resorts for thieves and other law breakers. This is "reform" with a vengeance, but it is no more than was expected.

The Queen Regent of Spain has reserved rooms at a London hotel, and is ready to leave at a moment's notice. Going to London would be the next thing to visiting the United States, so perhaps the queen will also take a trip to Washington ere she returns.

The senate yesterday confirmed the appointment of Lieutenant Colonel

George M. Randall as a brigadier general.

Keep cool! There are no indications that Commodore Dewey is afraid of the cars.

"Sampson to bat: Schley next!"

O Dewey was the morning Upon the first of May; And Dewey was the Admiral Down in Manila bay; And Dewey were the liegeant's eyes, Them orbs of royal blue; And Dewey feel discouraged? I do not think we Dew.

AWARDED SMALL DAMAGES

End of the Famous Tobacco Case After a Long Hearing

After remaining out all night the jury in the case of Edward Schowalter vs. Charles W. McNair, agreed at 5 o'clock this morning on a verdict, and at 9 o'clock brought into court a sealed verdict of \$172.77 for the plaintiff. The jury went out last evening at 5 o'clock.

In September, 1891, the National Cigar Company, of Racine, purchased of McNair Bros., of Brodhead, Wis., a packing of tobacco amounting to 30,000 pounds for \$4,270. A bill of sale was given the company by the defendants. The company paid \$1,000 down, the balance to be paid for January 1, 1893. The defendants delivered twelve cases of tobacco valued at \$421. The National Tobacco Company demanded the balance of the tobacco repeatedly, but the defendants refused to deliver it on the ground that they were not compelled to deliver it until it was paid for.

RECEIVED A BADGE OF HONOR

P. S. Fenton Presented With a Token of Esteem by Relief Corps Friends

Last evening the members of the Woman's Relief Corps of W. H. Sargent Post, G. A. R., assembled at the residence of P. S. Fenton, No. 53 Locust street. They had not announced their coming, and Mr. and Mrs. Fenton were taken completely by surprise. An hour or two was passed in social pleasures, when a plentiful supper was served. During its progress Mrs. Elizabeth McDonald, president of the organization, presented Mr. Fenton with a past senior vice commander's Grand Army badge, as a slight token of their appreciation for many favors which Mr. Fenton had shown them in the past. It was for the purpose of presenting him with this badge that the unexpected visit was made. Mr. Fenton made a feeling response, though greatly embarrassed by the unexpected turn affairs had taken.

Protecting the Customer IN WAR TIMES

In trying to protect our customers we are giving Janesville the advantage of prices not equalled in any neighboring city.

AT Madison the grocers are selling fancy patent flour today at \$1.90 per sack, our price is \$1.75 and wheat went up recently 5c a bushel, too.

In Beloit grocers are asking 10c lb for the same raisins we sell at 5c lb.

In Rockford, which is supposed to be an exceptionally low priced grocery town, the dealers have not at time in the past six months sold goods as low as this store.

War Has Advanced Wholesale Prices

On Coffee 2c lb, Sugar 1/2c lb. Tea 3c lb.

But We Have Made No Advance.

These are but a few of the hundreds of articles we could call to mind had we the time. The secret of our low price lies in our heavy buying. We anticipate conditions and buy in large quantities at the most favorable time. Were we obliged to buy today we would pay more for many goods at wholesale than we are asking.

A Word to the Wise.

It may be that the present prices will be advanced soon along many lines. You cannot go wrong to stock up. It would not be surprising to see flour \$2.00 a sack before very long.

MAPS ARE IN GOOD DEMAND

People Are Brushing Up on Their Geography These Days.

Maps of the world, from the small twenty-five cent size to the five dollar kind, which have for several years past been allowed to quietly sleep on back shelves in local bookstores, have been aroused of late to find ready sale at high prices. The war with Spain has brought about this state of affairs.

"There isn't an hour in the day," said a local bookstore proprietor this morning, "but what we have a call for maps of the world. People seem to be puzzled as to the location of the Philippines and Canary Islands; while there have been any number of people here who didn't know the exact location or how many islands comprise the West Indies. We have also sold a number of geographies."

WAR PARABLES CONTINUED

Rev. Mr. Hall Will Discourse on Timely Topics Tomorrow

The church will be decorated with flags and War Parables will be recited. This is the program at Court Street M. E. church for tomorrow evening. As the attendance last Sunday evening was large and war interest unabated, a very full house is certain if it does not storm. A class of probationers will be received in the morning. Pentecostal service will be held at 8 p. m. Epworth League at 8:30 p. m. instead of 9 p. m. and evening service at 7:30 p. m. instead of 7 p. m. Everybody welcome.

MAINE MEMORIAL SERVICE

Our Murdered Sailors Will be Remembered at Christ Church

In accordance with the request of the sub-committee of the National Maine Monument committee, Gen. Miles, Rear Admiral Selridge, Col. F. D. Grant and Chauncey M. Depew, a memorial service will be held in Christ church Sunday evening to pay tribute to the memory of the noble heroes who lost their lives in Havana harbor on the night of Feb. 15, 1898. It is proposed to erect a monument to their honor, and the offering at this service will be devoted to that object.

HE GETS THIRTY DAYS IN JAIL

Thomas Conley's Punishment for Boiling a Saloon

The jury in the case of the State of Wisconsin vs. Thomas Conley was out thirty minutes today, and brought in a verdict of guilty of larceny. The court then sentenced the prisoner to thirty days in jail. The defendant was charged with the larceny of several bottles of liquor from the Klondike saloon.

THE ALUM HEART.

Many people are suffering from some form of heart disease who have no idea of the cause of it.

Any disturbance of the digestive organs affects the heart's action, and therefore every food which interferes with digestion is responsible where there are troubles of this character. It has been discovered that the use of baking powder made from burnt alum coagulates the blood very rapidly, which interferes with its free flow through the arteries and valves of the organ. Formerly alum was used as a specific for children's croup, but owing to its tendency from the causes named to produce heart failure, physicians no longer employ it.

In face of such facts and in view of the overwhelming testimony of scientists as to the poisonous character of this drug when used for food purposes, can there be any excuse for the ignorance or unconcern which permits any one to take from the grocer a package of alum baking powder, simply for the sake of saving a few cents in price?

It is a healthful sign that many states are limiting by law the sale of the alum baking powder. Very soon it will be prohibited in all states, or treated as a poison, as it should be. But for such laws, how are the alum powders to be known by consumers?

Where alum powders are not branded as such, nor their sale prohibited by law, it is better to avoid the use of any new or doubtful brand until it has been analyzed. The purity of all powders may be suspected if they are sold at a price lower than the price of the best standard brands. We know the Royal to be a first class cream of tartar powder, and if consumers insist upon having that brand, they will be sure of a pure, healthful article. In view of a recently reported case of poisoning of a whole family living near Logansport, Indiana, from the use of alum powder, it behooves every one to use extraordinary care in purchasing their supplies. We do not hesitate to recommend the Royal to all who are in doubt as to the powder they have been using, as the United States government tests placed that brand at the head of all the tartar powders.

TEMPLARS INSTALL

Interesting Gathering in Court Street Hall Last Evening

The people of Janesville turned out on mass and filled the hall to overflowing at the open installation of officers of the Good Templars last evening. The Templars fully appreciate the presence of those who attend their meetings and hope to see them uniting with them in their cause, as by their presence they show they are in sympathy with the efforts being put forth. Miss Hattie Ward, the new lodge deputy, took charge of the installation ceremonies and installed the following officers for the ensuing term:

Chief Templar—Ada Pickering.
Vice Templar—Charles Penny.
Secretary—Frank Mathews.
Assistant Secretary—Edna Baldwin.

Chaplain—Mrs. Price.
Financial Secretary—Hattie Hinchley.

Treasurer—Etta Hoague.
Marshal—W. C. Akor.

ROLL OF THE REAPER DEATH

Funeral of Mrs. J. F. Briggs—Died of a Brother of Gov. Scofield.

The funeral of the late Mrs. J. F. Briggs took place this afternoon from the home of her daughter, Mrs. Ida M. Crossman, Rev. Arthur C. Kempton, of the Baptist church, officiating. The remains were taken to Whitewater for interment. Mrs. Briggs was born in Oneida county, New York, on July 18, 1824, her maiden name being Mary E. Frederick. She was married May 8, 1840, and came west, settling in Rockford, Ill., in 1857, coming to reside in Janesville in 1895. Her husband died sixteen years ago. Four children survive—Frederick F., Wallace, M. and William Briggs and Mrs. Ida M. Crossman. Mrs. Briggs was a devout member of the Baptist church, and was greatly beloved by all who knew her. She has lived for the past two years at Whitewater.

MARION M'BRIDE

A Famous Worker For the W. C. T. U. In Boston

One of the famous workers in the W. C. T. U. ranks and one who stood very close to Frances Willard, is Marion McBride of Boston. She is a tireless worker and an authority on pure foods. Everywhere she goes, she recommends Postum, the famous food drink, for she knows of its great work in furnishing a pure, wholesome, hot beverage for breakfast, much like coffee in appearance and taste, but made by food experts from parts of field grains, selected to furnish brain and nerves with the food demanded by nature.

It is especially welcome to those who find distress and disease follow coffee drinking. Grocers supply it at 15 and 25 cents per package.

"EXTRAS" IN GREAT DEMAND

The Gazette's Special Edition Sold Like Hot Cakes

The Gazette's "extra" was in great demand this morning. It was issued at 10:45 o'clock, and the newsboys could not hand them out fast enough. Nearly one thousand were sold.

The excellence of the Scripps-McRae Press association telegraph service was demonstrated today. The first dispatch was received at 8:30 o'clock and Chicago and Milwaukee papers could not get extras to Janesville until noon. When they came, they did not have one quarter the news contained in the Scripps-McRae dispatches.

HE WAS NOT ACCEPTED

Herb Griffe Could Not Get Into Uncle Sam's Navy

Herb Griffe, former turnkey at the Rock county jail, recently made application for admission to the United States navy through the proper authorities at St. Louis. A reply soon came back stating that only men who were skilled mechanics, and who were familiar with all the ins and outs of the business would be allowed to enlist. Mr. Griffe, although well posted as an engineer, is not a skilled mechanic, and for this reason was obliged to abandon the idea of becoming one of Uncle Sam's sailors.

INJURED IN A RUNAWAY

Mrs. August Brac Badly Hurt at Court and River Streets

A frisky horse driven by Mrs. August Brac, of the town of Janesville, became unmanageable while descending the Court street hill at 11 o'clock this morning, and running away upset the buggy in his effort to turn on River street. Mrs. Brac, who was the only occupant in the buggy, was dragged a half a block, but no bones were broken. Dr. J. S. Heslop, who was called, found her suffering with a badly bruised back.

"I would not be without Chamberlain's Remedy for its weight in gold," writes D. J. Jones, of Holland, Va. "My wife was troubled with a cough for nearly two years. I tried various patent medicines, besides numerous prescriptions from physicians, all of which did no good. I was at last persuaded to try a bottle of Chamberlain's Cough Remedy, which promptly relieved the cough. The second bottle effected a complete cure." The 25 and 50 cent bottles are for sale by People's Drug Co., corner Main and Milwaukee streets.

BRADSTREET'S REPORT.

Favorable Change in the Trade Situation Noted.

New York, May 7.—Bradstreet's says:

"Evidences accumulate that the corner has finally been turned in the trade situation, and that circumstances which have hitherto been regarded as disquieting have begun to give way to more cheerful conditions, or are beginning to be recognized in a truer and more reasonable light. While it is claimed, and perhaps with justice in many cases, that the changes yet noted are largely sentimental and that little that is tangible is to be cited in the direction of improvement, it is not to be forgotten that the dullness and even depression ruling for some time past was likewise largely sentimental. A new sense of national strength and energy seems unquestionably to have developed since the news of the American victory at Manila.

"The wheat exports for the week reflect the temporary check to demand, caused by sudden advances in price, and show a falling off, aggregating 2,478,776 bushels, against 4,440,000 bushels last week, 1,799,000 bushels in this week a year ago, 1,882,000 bushels in 1896, and 2,805,000 bushels in 1895.

"Corn exports are larger than for more than a year past, aggregating 6,264,000 bushels, against 4,316,000 bushels last week, 3,127,000 bushels in this week a year ago, 1,891,000 bushels in 1896, and 934,000 bushels in 1895.

"Business failures are slightly smaller this week, aggregating for the United States 240, against 245 last week, 228 in this week a year ago, 267 in 1896, and 224 in 1895."

San Juan Preparing.

New York, May 7.—A special from San Juan de Porto Rico says that preparations are being made there for the reception of the Spanish Cape Verde fleet, the arrival of which is expected almost momentarily. The only war ship now in the harbor of San Juan is the Isabella. The harbor has been cleared of non-combatant vessels to make room for the anchorage of the Verde fleet. All merchantmen have been pulled up under the protection of the hills, fearing a bombardment by the American fleet.

To Remove British Subjects.

London, May 7.—A story is published here to the effect that the British admiralty has been notified by the Washington naval strategic board to remove the British subjects from the Canary Islands, and it is said this accounts for the British second-class cruiser Charybdis being ordered to Las Palmas and leads to the conclusion that Rear Admiral Sampson may attack the Canary Islands, which would either draw the Spanish fleet out of Cadiz or give the United States a naval base from which to attack Spain.

An Obedient Son.

Father—Tommy, why did you beat neighbor Smith's little boy so shamefully? Tommy—You told me to. Father—I told you to? Why, my son, what do you mean? Tommy—Didn't you tell me the other day it was more blessed to give than to receive? Father—Yes, but— Tommy—Well, I had to give him a lickin' or receive one.

Every Seat Was Taken.

Barnes Tormer—"Every seat was taken at our last performance." Roscius de Hamme—"I heard about it. I was told that the audience carried off the benches as the only way of getting any return for their money."—Indianapolis Journal.

Mr. John Peterson, of Patonsville, La., was very agreeably surprised not long ago. For eighteen months he had been troubled with dysentery and had tried three of the best doctors of New Orleans, besides half a dozen or more patent medicines, but received very little relief. Chamberlain's Colic, Cholera and Diarrhoea Remedy, having been recommended to him, he gave it a trial and to his great surprise, three doses of that remedy effected a permanent cure. Mr. McNamara, a well known merchant of the same place, is well acquainted with Mr. Peterson and attests to the truth of the statement. This remedy is for sale by People's Drug Company, corner of Main and Market streets.

Must Have Been a Freak.

Maude—Young Dashing is simply awful. Clare—Why, what did he do? Maude—The very first time I met him he had the audacity to put his arm around my waist twice. Clare—Is it possible? Why, I had no idea his arm was long enough for that.

Late to bed and early to rise, prepares a man for his home in the skies. Early to bed and a Little Early Rise, the pill that makes life longer and better and wiser. People's Drug Store.

Two Reasoners.

Mr. Black—A fren' ob mine, he won a prize in de lottery wunst, an' he keeps at it, 'tinkin' it'll happen ag'n. Mr. Jones—And why do you keep at it? Mr. Black—Case I never wou' nothin', an' it ought to come mah turn soon.—Puck.

One Minute is not long, yet relief is obtained in half that time by the use of One Minute Cough Cure. People's Drug Store.

Coffins Mixed in Transit.

Mrs. Samuel Furman's remains were shipped from Parkersburg, W. Va., to Cambridge Springs, Pa., for interment several days since. The same day the body of a man named Ellsworth was shipped from Sistersville to Erie, Pa. When the coffin supposed to contain Mrs. Furman's remains was opened at Cambridge the family was astonished to find that it contained the body of a man. The man proved to be Ellsworth. The coffins had got mixed somewhere, and it took several days to straighten the affair and get the bodies to their respective places of burial. Connected with this is the strange coincidence that Mrs. Furman and Ellsworth had at one time been next-door neighbors.

The Climate Was Not to Blame.

Eastern Speculator—Yes, say this is a healthful climate, but look at your graveyard. Why, it's full to the fences. Lariat Lem—That ain't got nothin' to do with the climate. None o' them ducks died a natural death.—Chicago News.
